Fitzpatrick Wins

In Election Contest for County Judge Over Henry R. Yonts.

The long drawn out contest over the County Judges' office between Henry R. Yonts, contestant, and Dr. Jno. D. Fitzpatrick, contestee, was so far as the Circuit Court is concerned settled Saturday evening. The case was tried out before Judge Lewis, arguments being made by Attorneys S. Ben Dismann for contestant and Cash Eversole for contestee. At the close of the pleadings the court dismissed Yonts' petition, which for the present gives the office to Judge Fitzpatrick.

At this time we are unable to state whether the case will be appealed to the higher courts or not. That will be decided on later.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all dealers.

Chappell to be Honored

Henry C. Chappell, formerly editor of Thousandsticks, at Hyden, but now business manager of the Somerset Republican will be Caleb Powers' private secretary in case he is elected. Mr. Chappell has certainly merited the congratulations of the Republicans of the Eleventh district because of his hard-working qualities.

Stray Hog

There is at my place a stray male hog, weight about 90 lbs., cropped underbit, two splits right ear. Owner can get same by calling at my home on Kings Creek and paying for its keep and 50c for this advertising.

David Day, Grape, Ky.

Great Activity

There is a great deal of activity in railroad circles here and round about. "Em" Collier took the first ride on the train and Dan Fields fell thru a trestle. Neither of the gentlemen were seriously damaged.

Residence Burned

Saturday afternoon the residence and most of the contents belonging to Dave Hall on Shop Branch, near Mayking, was destroyed by fire. The folks except Mr. Hall were about the place and had no suspicion of danger by fire until the noise of the flames were heard. The fire was probably caused by a blazing coal from the fireplace rolling out on the wooden floor. Loss about \$500.

Internally

Dr. Bell's Anti-Pain cures colic, flux, diarrhoea, cramps and all bowel complaints. Externally—cures sore breasts, corns, bunions, toothache, neuralgia and all aches. Sold everywhere. It is an anesthetic.

Don't Break Down

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run down, or under strain of any kind, take Electric Bitters the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters. Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at all druggists.

Grouse

Foddering is on. Mr. and Mrs. Adams are ill. Green Back and Ella Hampton were happily married. Miss Cinda Arnold, of Ohio, is visiting at Dave Back's on Elk Creek. Little D.K. Brown will attend school at Danville. Miss Katherine Campbell returned from Carr. The Dixon and wife have a fine new girl. S. H. and J. D. Brown bought Moses Hampton's farm. Miss Hattie Banks is ill with malaria. Mrs. John Combs has gone to Hazard.

N. K. Hale visited at W. M. Brown's. Henry Adams has returned from the west. J. P. Brown visited at Theodore Peeble.

NOTICE

To The Tax-payers of Letcher County: Of course you know your taxes for 1910 are now and have been due for some time. Suppose you have the money on hand to pay them and fail to pay before September 1st, won't you have to list that money to the assessor and even pay taxes on it next year? That would certainly be a bad business proposition. Better pay them right now while you are thinking about it. Manage to pay them and get that awful log from over your face.

Very Truly,
Louis Cook, Sheriff.

Dewey Virginia

Mr. and Mrs. Isaac Back, of Cartersville, Ga., are visiting R. S. and Mrs. Bolling. O. A. Miller and wife visited W. R. Bolling. Mrs. Sarah Hash is improving from typhoid. W. R. Bolling was in Wise. G. W. Sergent was here from Norton.

It Saved His Leg

"All through I'd lose my leg," writes J. A. Svenson, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it sound and well." Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25c. at all druggists.

Sometime in the golden summer When the robins pipe and call Till the air is filled with rumors Of the coming of the fall: Then its time that we remind you, In words that fairly burn, That its time to sow your wheat crop When the leaves begin to turn.

O—O
Last Friday evening a large bald eagle—a mountain eagle—was observed circling over and around and above our little "nest." We watched him for sometime and beheld the wide easy sweep of his nimble wings as he circled ever onward and upward till he became a mere speck in the bright sunny sky. He was evidently a noble bird and from his high position we could but envy his delightful view. For miles and miles his piercing eye surveyed hill and vale. He heeded not the pedestrians of earth, but methinks in his boundless scope he could but feel and see and know the very impulses of freedom. Oh, these proud and glorious birds, emblems of our country, God's country, in all thy flight may no tyrannical scamp pierce thine ear, no groan from shackled arms burden thine heart, but surely thou see valleys of peace and hilltops of glory. Brave bird, nurse thou knowest of thy name sake and when in thy feathery flight thou comest this way again wilt thou not hover over us longer and breathe into us more and more the spirit of duty and more and more the power to help men be free?

O—O
The question is and long will be, did Don C. Edwards run, or did he take to a tree high up in the sun?
O—O
I dreamed that life was beauty. I awoke and found that life was duty. Duty never ends. With the rising of every morning, whether it be bathed in clouds, in mist or snow, finds a new duty undone. Think of a woman's work! Ah, men, we purported lords of creation, need to think more of woman's work. No, not to think more, but to do more of the woman's work. Afraid of spoiling her, the queen of the home, the mistress of the world and the burden-bearer of millions, by helping her? I r thousands of homes, millions of homes, throughout this great land hers is the first foot-fall heard in the early morning as it pile-plates on its way to the kitchen to begin its whole day of ceaseless struggles, while we gaze and stretch and groan and do dread to get out so bad. Man, proud man, we are almost tempted to say that we are the mad-kill of creation and not the creature. Some lazy lurch of a poet wrote some years ago:
"Man wants but little here below And wants but little ease, But woman, bless her little heart, Wants everything she sees."

Poet or no poet, so far as the man is concerned, a bigger lie never went into print. Why, man, in his imaginary greed for ease, wants everything done for him. He wants to stand back and boss the job and if it's not done right he wants to lay the blame on

Caleb Powers Defeats D. C. Edwards By Over 10,000

As was generally predicted last Thursday's Republican primary resulted in the nomination of Caleb Powers by over 10,000 majority. He carried 16 of the 19 counties mostly by large majorities. Up to Monday morning the majorities for as follows:

In Letcher County, Caleb Powers and Edwards 125 votes a total of 692 votes. This is a little more than half the regular Republican strength in this county. The vote was due to the people being busy at foddering and other work. The primary passed off quietly generally over the district, though one man, John Holmes, is said to have been shot and killed in Perry county over the election.

In our locale we will likely be able to give Powers' majority exactly.

Hot Water Cure for Insomnia.
To insure the benefit of the hot water, it must be taken off the fire the moment it boils—not just before or after—and poured at once into a cup or glass. Then sit down and hold your feet in it. A little practice will enable one to swallow it at little less than the boiling point, and in addition to the proper temperature, the proper time must be observed. It is most effective in curing indigestion and improving the general tone of the system. It takes immediately on waking in the morning, again an hour before lunch and an hour before dinner also, and to drink two glassfuls on retiring will almost positively insure sound sleep. It may require two or three days' trial before the desired result is effected, but once gained it can be held without interruption by faithfully pursuing this method.

The Biggest Buy Yet

In the past week James H. Frazier succeeded in purchasing the mineral on the big Quillier Bentley farm on upper Rockhouse. There is perhaps 2,000 acres in the boundary and it lies in an excellent coal territory. The consideration was \$25 per acre and the Bentley boys will get about \$50,000 out of the deal. Besides this Mr. Frazier also purchased the T. G. Bates lands on Bates branch of Beaver creek which lies not very far from the Bentley tract. Near the Bates tract there is a coal opening 9 feet thick, about the finest coal we have seen in this country. The consideration for the Bates land was \$27.50 per acre and there are about 600 or 700 acres. Last week through mistake we stated that the Swift people had bought the Sam Collins farm on Sandlick. Later on we learned that Mr. Frazier was the man who bought this property.

Croup

People with children should keep a bottle of Dr. Bell's Fine-Tar-Honey on hand at all times. Croup is worse at night when it is sometimes hard to get a physician. Look for the bell on the bottle.

The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of high nursery products. Within its covers are 32 full page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 85 pages are devoted to descriptions, prices, and records.
Stark Delivers, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per barrel last year); Stark King David, another apple of wonderful quality and merit; Stark King Philip, a heavy bluish-green of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.
To any one planting one tree or more, of fruit or ornamental, this book is a priceless value—a horticultural text-book—a guide to proper selection.
Stark trees have stood the supreme test of annual planting for 35 years—they are the yardstick by which all other nursery products are measured—they are the first choice of fruit country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 35 years of successful fruiting is a positive guarantee of tree quality.
Before you decide to buy, send 7 cents for the Stark Year Book—it is today before the edition is exhausted.
